

VERNON VIPERS “SPEAKERS BUREAU”

“WE LIVE HERE...WE PLAY HERE”

These are the words that the Vipers often speak when describing our local community. We strive to contribute to the growth, enjoyment, and education of our fans and their families through our participation in local events and our outreach programs.

The entire Viper organization takes their involvement in local activities very seriously, especially when it comes to their well being of children. Our office staff, players, and mascot are always interested in becoming a positive influence in the eyes and minds of children in the community. Whether its education or recreation, the Vipers welcome the opportunity to participate in the lives of the young people in and around Vernon.

The Vipers welcome the opportunity to speak to local civic, business, and charitable organizations. There are many opportunities for us to share information with local groups on how to create long-term working relationships in our community.

A great place to start is the “Vipers Speakers Bureau”. Head Coach Mark Ferner, Assistant Coaches Colin O’Hara and Jason Williamson and other Team executive are available to visit local organizations, business groups, and schools upon request as our schedule permits.

The entire Vipers organization takes great pride in getting out into our community. From speeches to civic organizations, reading at local schools, and appearances with our great list of corporate partners, the Vipers will try and make a positive influence on everybody in our local area.
